

I was introduced to Kim Brown and Boleyn Events through ISSBA and Kim very effectively helped me to source an excellent venue for meetings of the Athena Network in Ipswich. My next involvement with Boleyn Events was when they supported us to organise the Colchester and Essex CIPD group conference and exhibition – “HR for Success” - in June 2009. I certainly believe that without Kim and her team we would not have had an event! Kim worked tirelessly to help a group of volunteers, new to this level of organisation, get sponsorship, choose a venue, promote the event, sell tickets, organise the exhibition... this list goes on and on. The Boleyn team was with us from the crack of dawn on the day of the event to the time when the last person left Trinity Park in Ipswich. It was a fantastic and successful day with excellent feedback from conference and exhibition visitors alike. So many people were impressed with the professionalism of the event and Kim, with her team, played a massive part in helping us to achieve this.

Since the CIPD conference Kim has again helped me source a meeting venue and through her contacts has got me some great rates!

I would recommend Boleyn Events without hesitation to anyone organising any type of event, small or large, for business or pleasure.

Jackie Clifford

Director - Clarity Learning and Development / Regional Director – The Athena Network
